

POSEIDON TEXTILE CARE SHIRT LAUNDRY PLUS MACHINES

Delivering programmable extract speeds up to 200 G-force, flexible controls and superior efficiency, Poseidon Shirt Laundry Plus Machines are durably constructed for years of constant use. Engineered to perfectly and gently wetclean dress shirts, casual wear and many other laundry items, Hard-mount Poseidon Shirt Laundry Plus machines require a reinforced concrete foundation and bolt-down. Since not all fabricare facilities have the 8-inch concrete foundation required to operate a 200 G-force hard-mount washer, Poseidon Shirt Laundry Plus machines can operate on a lesser foundation by adjusting G-force extract accordingly. Programmable G-force is critical when installation variables are not ideal. Backed by an industry-leading 5/3-year factory warranty.

REM- & RMG-SERIES HARD-MOUNT WASHER-EXTRACTORS (LOGI PRO CONTROL)

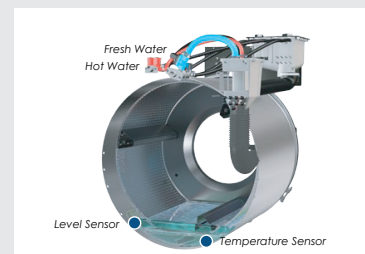

POSEIDON TEXTILE CARE SYSTEM WETCLEANING MACHINES

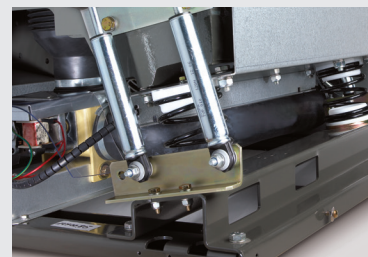

- Hard-mount design requires bolt-down to reinforced concrete foundation.
- Engineered to perfectly wetclean dress shirts, golf shirts, khakis, jeans, towels, comforters, and more.
- Perform the duties of a typical drycleaning machine without the cost, space or negative environmental impact.
- Offer flexible control over all conditional aspects of the wetcleaning process.
- Provide easy to use controls. Once the programs are set, operators simply select a program number and press start.
- Feature 12 standard chemical injection signals (inteli models only) with programmable time dosing and flush flexibility. Chemicals are diluted with water before being introduced into the machine drum — preventing direct chemical-to-linen contact — preventing linen damage.
- Gently reach extract speeds up to 200 G-force.
- Rely on water — delivering an environmentally safe and non-toxic alternative to drycleaning.
- Are not subject to any state or federal Environmental Protection Agency (EPA) restrictions.
- Feature durable AISI-304 stainless steel inner and outer drums designed for constant use.
- Are equipped with an oversized door, which allows for simple loading and unloading, and a heavy-duty, bolt-style hinge to withstand constant use.
- Feature accessible components making Poseidon Shirt Laundry Plus Machines a pleasure to own, maintain and service.
- Durably constructed for years of rigorous use.
- Operate on single-phase power with inverter technology (adaptable for pre-wired three-phase power).
- Backed by an industry-leading 5/3-year warranty.

AQUAFALL™ SYSTEM

AQUAMIXER™ SYSTEM

MDS SYSTEM (EH040 PICTURED)

Every drycleaning/fabricare operation is unique, with a distinctive set of production, quality and efficiency goals. Uniquely, Poseidon Wetcleaning Machines deliver the flexibility and programmability to meet any wetcleaning need. The Poseidon team works closely with facilities to properly size and install equipment.

HIGH-PERFORMANCE WETCLEANING MACHINE

PRODUCT SPECIFICATIONS

Trust the Poseidon Wetcleaning Machine to deliver unrivaled wetcleaning results in less time. Program and control every conditional aspect of the wetcleaning process, including rotation action, extract speed, chemical dosing, number of baths and rinses, water temperature by degree and so much more. Durably constructed, Poseidon Wetcleaning Machines are engineered for years of rigorous use.
