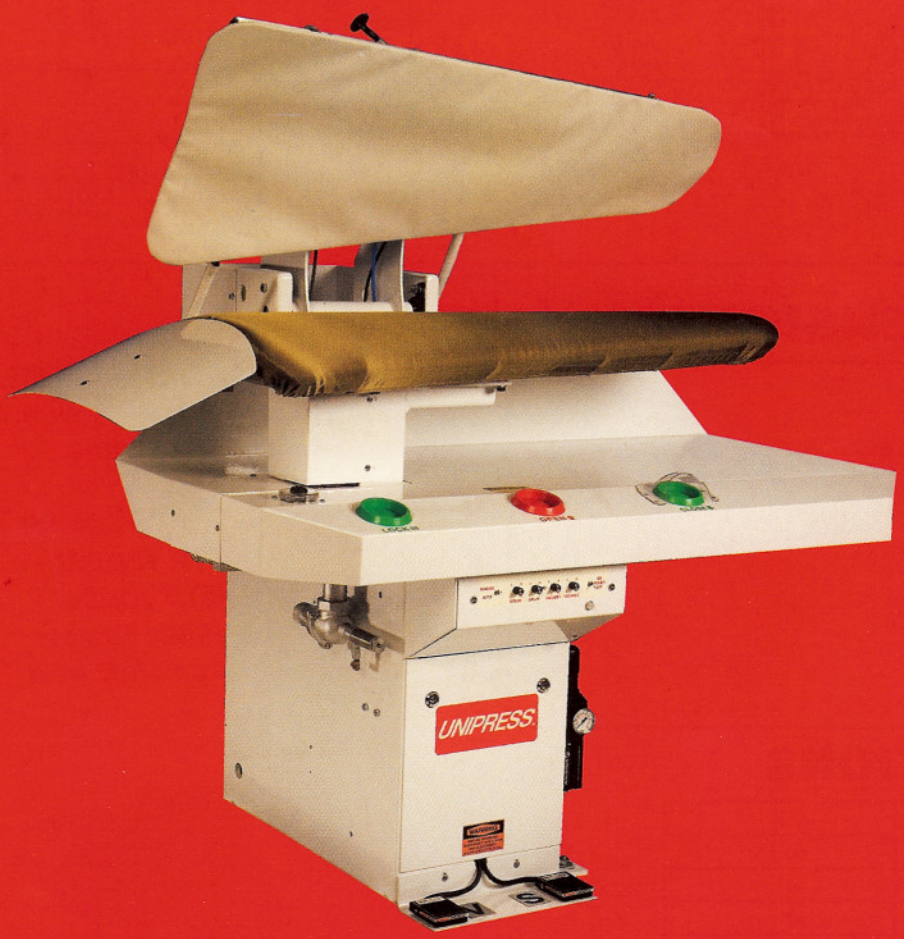
UNIPRESS

46X AUTOMATIC LEGGER-UTILITY DRY CLEANING PRESS



The Unipress Model 46X Automatic Legger-Utility Press is designed with the owner and operator in mind. Operators will love the fast smooth action as well as the extra wide head opening. Owners appreciate the low capital cost, reliability and minimal floor space. Combine these features with the following ones and you have a press that can't be beat.

- Automatic/Manual Operation
- Microprocessor Controls with Self Diagnostics
- Durable Construction
- Finger Tip Pressure
- Quiet Operation
- Adjustable Timers
- Designed and Manufactured in USA
- Single Action Cylinder
